"DAD" ZERFOSS TO HEAD "Y" WORK AMONG THE BOYS

Popular District Y. M. C. A. Secretary Becomes Secretary of Boys' Work at Lexington.

L. F. Zerfoss, of Lexington, senior member of the State Y. M. C. A. staff of secretaries and secretary of the Paris district, quite well known and very popular here, will succeed Roy Moreland as boys' work secretary of the Central "Y," according to an announcement Wednesday by D. C. Cruise, general secretary, and will assume his duties on September 1. Mr. Moreland resigned to enter the college of law at the University of Kentucky.

Mr. Zerfoss, known as "Dad" to his wide circle of friends, is a graduate of the State Normal School at Lockhaven, Pa., and of Pennsylvania State College. For twelve years he was a school teacher and school principal and for twenty years he practiced law in criminal courts of Kentucky.

Then came the world war and Mr. Zerfoss' three sons went into the service. Desiring to do his part in the struggle, "Dad" donned the "Y" uniform and since has been in that work.

One of the outstanding features of Mr. Zerfoss' work is his success in training boys for athletics and games. He believes that one of the strongest factors for good in a boy's development is an abundance of wholesome and invigorating exercise in play and games.

Mr. Zerfoss will become boys' work secretary with the largest membership in that department in the history of the association.

THREE SONS ARE HELD FOR MURDER OF THEIR FATHER

Older Brother Charged With Murder and Twin Brothers Held for Conspiracy in Clark Killing.

Winchester, Ky., August 17.—Herbert and Hobart Schumaker, 19 years old, twin sons of John Schumaker, Sr., whose body was found last Tuesday at his home between Kiddville and Oil Springs, with two shotgun wounds, testified Tuesday at the examining trial in county court that they saw their brother, John Schumaker, Jr., aged 21 years, shoot and kill their father on Monday morning August 8, following a quarrel in the kitchen of their home on the farm of Holt Everman, where the elder Schumaker was a tenant.

The boys corroborated each other's statements throughout concerning the details of the killing. They stated that they had been living with their sister, Mrs. Lindsay Cisco, at West Bend, Powell county, about five miles from their father's home, and that on Monday morning, August 8, their brother, John, came by and asked them to accompany him to the Everman farm to feed the chickens.

They said their brother told them he had had trouble with his father the week before and had gone to the home of his wife's parents to live. They found their father in the watermelon patch, and an argument between the old man and the older brother ensued. Joson Schumaker, Jr., drove to the house first and was sitting on the porch when the twins arrived with their father, the boys said. The father went into the house and the twins followed to get something to eat. They stated that they were standing in the door of the house when their brother John came in and renewed the argument.

They claimed that their father reached for a knife, whereupon John presented a double-barreled shotgun and fired one shot. They both ran and did not hear anything further. They remained in the barn for some time and later John came in and set the gun down beside some fodder. Herbert testified that his brother threatened him by saying that he would kill him if he ever told. Hobart did not testify that he was threatened.

Herbert and Hobert were held to the September term of the Clark circuit court on bond of \$2,500 each, charged with conspiracy in the killing of their father.

John Schumaker, Jr., this afternoon waived examination and was held to the grand jury without bail.

INTEREST TAKEN IN POULTRY CULLING.

Considerable interest is being shown throughout the county in the poultry culling demonstration which will be held at the Gus Brooks farm in the Mayfield neighborhood Friday morning at 9 o'clock. To this demonstration all who are interested in getting rid of the non-producing hens are invited. This is the only demonstration that will be held in Mason county this summer and the farmers are urged to take advantage of it.

MOWER PARK CAMPMETING NOW IN FULL BLAST.

The Mower Park campmeeting is now in full blast in Lewis county and the meetings are being well attended by people in Lewis and Mason county. The camp again this year is in charge of Rev. W. H. Morris, pastor of the Forest Avenue M. E. church, and those who have attended the meetings report a most successful year.

BUILDING TO BE REMODELED FOR NEW MEAT MARKET.

The building just vacated by the Power Stove Store and just recently purchased by Mr. William Weis will be put into first class condition at once for the occupancy of it as a first class meat market. No expense will be spared to make this building most attractive.

MUST BELONG TO THE SAME LODGE.

A stranger in the city Tuesday evening seeing so many automobiles on the street with but one headlight burning and no tail light, asked what lodge the owners belonged to as they were all seemingly carrying the same signals.

ALLEGED MURDERER IS STILL AT LARGE.

Gerald Boots, who is charged with the murder of Robert Cooper on Indian fork of Kinney in Lewis county Monday night, is still at large. Boots is thought to be hiding in the mountains of Lewis county.

Mrs. James S. Frost, Jr., is visiting friends in Connersville, Ind.

R. L. TURNER & SON TO OPEN GROCERY STORE

Armstrong Drug Store Building Purchased and Will Be Made Into First Class Grocery Store By Owners.

Mr. R. L. Turner and son, Frank Turner, Tuesday purchased from Mr. T. F. Goodwin, the business house in Elst Second street between Poplar and Lexington street, more familiarly known as the Armstrong Drug store building. They will get possession about the first of September and will proceed to make many changes and improvements preparatory to occupying it as a first class grocery store.

The firm name will be R. L. Turner & Son and these gentlemen stated Wednesday that they proposed to give the East End of the city one of the most attractive, if not the most attractive, retail grocery store in the entire city of Maysville.

Both Mr. Turner and his son are quite active and very successful business men. They will be welcomed into the local retail circles and it is certain that they will meet with decided success in their new venture.

MICE WERE THIEVES.

The Fleming Gazette says: When C. E. Gillespie who keeps store at Acme near the Cherry Grove Campground opened up Thursday morning he found the cash drawer rifled and \$30 in money missing besides some checks. He and his wife live in rooms above the store and they did not hear any noise the night before indicating anything wrong. It is supposed the burglar had a skeleton key and unlocked the door. The cash drawer had a bell on it and it is not known how it was opened without the bell ringing. Nothing but the money and checks were missing. Later it develops there was no burglarly at all. Mr. Gillespie found his missing cash and checks in the cash drawer where they belonged. It had, however, become removed to the back or lower part of the drawer. He thinks, maybe, the mice moved it, but if they did he was destroyed.

WATCHMAN BEGINS AT C. & O. DEPOT TONIGHT.

Under orders of Superintendent Taylor, the C. & O. Railroad company will station watchman in the local yards at the depot beginning this evening in an effort to reduce the annoyance given the citizens of that neighborhood by whistling, torpedo explosion, smoke and the ringing of bells.

COLORED TEACHERS TO HAVE COUNTY INSTITUTE.

Although there will be no Teachers' Institute in Mason county this year for the white teachers of the county, the Normal School having taken the place of this annual event, there will, however, be an Institute for the colored teachers to be held within the next few weeks in this city.

MISSING SECTION OF CHAUTAUQUA TENT FOUND.

Local police Tuesday afternoon found under the river bank near Beechwood Park a part of the big chautauqua tent which was supposed to have been taken from the park by small boys who made a play tent of the missing part. The identity of the lads is known and they will be brought before Chief of Police Harry A. Ort.

REMOVED TO HOSPITAL.

Mrs. Mary Waldron, aged citizen of Aberdeen, who sustained a broken hip in a fall at her home at that place Tuesday, was removed to Hayeswood Hospital for treatment Wednesday afternoon.

DRY RAIDERS FIRED ON BY PARTY OF MEN

Taxi Driver Killed Instantly and Capt. McFarland Will Probably Die of Wounds in Back.

Hodgenville, Ky., August 17.—O. U. McFarland, Federal prohibition agent, was probably fatally wounded and Sam Ray, a taxicab driver, was instantly killed when the officers automobile was riddled late Tuesday by a band of a dozen men standing out in the open on the roadside.

The attack, probably unparalleled in Kentucky's history for its boldness took place after Mr. McFarland and Sheriff W. T. Hornback, Larue county, had captured a fifty-gallon still in the eastern end of the county.

The two officers with G. T. Purvis, a farmer, who had led them to the still, and the driver of the car were returning to Hodgenville at 6 o'clock after destroying the outfit when they passed a group of armed men standing about twenty feet in front of a house not far from the site of the raid.

When the car had gone seventy-five or a hundred feet beyond the house a fusillade of rifle shots rained bullets on the automobile.

The driver dropped dead with a bullet through his head.

Officer McFarland, shot twice through the lower part of the back by bullets which first penetrated the hind part of the car, fell to the bed of the machine.

The band of men with their smoking rifles stood motionless in front of the house.

Sheriff Hornback, believing that it would be suicidal to return to the fire, drove the car out of reach of the rifle fire. Ascertaining that Ray was dead he and Purvis gave first aid to the Federal officer and then drove to a Hodgenville hospital.

Physicians pronounced McFarland's condition grave. One of the bullets passed through his body.

FIELDS' PLAN TO KILL HOME BREWING DEFEATED

Federal House By Defeating Field's Measure Places Endorsement On Home Brew.

Washington, August 16.—Approving the action of the Judiciary Committee in emasculating the "search warrant" amendment introduced by Senator A. O. Stanley, Kentucky, the House today sent the co-called anti-beer bill to conference, after concurring in a number of minor Senate amendments.

While modification of Mr. Stanley's amendment relating to search and seizure was a victory for the radical dry element, the House refused to go further and accept an amendment offered by Representative William L. Fields, Ninth Kentucky District, aimed to discourage further the manufacture of liquors and home brew in private residences for personal consumption.

In doing so, the House went on record as against any interference with home brewing and distilling for personal use. By a rising vote of 96 to 54, it virtually deprived prohibition agents of all power to prevent the manufacture of any alcoholic beverages in private dwelling unless proof can be furnished that the liquor is being manufactured for sale.

CELEBRATES SEVENTY-FIFTH BIRTHDAY.

Mrs. Jennie Ellis, of this city, celebrated her seventy-fifth birthday Tuesday, August 16th, with a most bountiful dinner.

All four of her children are present to enjoy the happy occasion. Her daughter, Mrs. Anna Kinney, of Burtonville, and granddaughter, Mrs. J. J. Jones and little daughter, Birdeena, of Epworth, and Mr. and Mrs. J. B. Crawford and children, and son John and Sam Ellis, all wishing to enjoy many more such happy occasions.

BACK FROM MOTOR TRIP.

A party of Tollesboro people passed through this city Tuesday, returning home from a week's visit with friends in Lexington and Mt. Sterling. While on their trip they went to High Bridge, also the Orphans' Home at Lexington, and other points of interest in the Glue Grass. The party was composed of Mr. and Mrs. A. A. Highfield and son, Pleas, Mr. and Mrs. J. T. Brown, Mrs. Alvin Givens and daughter, Orla, and Miss Lydia Triplett.

PROFITEERING UNDER THE UNDERWOOD LAW.

The New York World prints prominently on its editorial page a communication from a Brooklyn "Consumer," who says:

"The reformed candy man who frankly admits profiteering 300 per cent is just one step in the right direction, but what a very instructive object lesson is contained in this wholesome news for the old reliable goat (the consumer), the ease-hardened victim of many previous tariffs, but of none so vile as Fordney's latest extortion unlimited."

A little matter overlooked both by the contributor and the world is that this 300 per cent, candy profiteering took place not under the operations of the Fordney or any other protective tariff law, but under the existing Underwood non-protective tariff measure.

Under the present non-protective tariff law there has been more profiteering, more oppressive exploitation of the consumer, than the American people have ever before experienced or even dreamed of as a possibility. It has demonstrated the total lack of relationship between tariff schedules and prices to the American consumer. Yet there are actually people still parroting the old phrases about the high cost of living being attributable to protection!

JUSTICE FOR ALL.

Governor Len Small, of Illinois, has learned that in America the law may be applied to all alike. In the eyes of the law a law-breaking Governor or State Treasurer should be no larger than the poorest coal heaver or chicken thief. Our laws were built right and are for the regulation of society and the punishment of law breakers both great and small. The trouble in the past has not been with the laws but with their enforcement.

The rich and powerful law breaker should face the bar of justice exactly as the poor and friendless. Much of the disregard for law has been bred by the partiality shown in the administration of the law and the promiscuous use of the pardoning power for political purposes.

There are not too many chicken thieves and coal heavers going to the penitentiary to pay the penalty for their crimes but there are too many "well bred" criminals going free or being pardoned.

TOO MUCH "AFFIDAVITISM."

Director Forbes of the Bureau of War Risk Insurance advocates a re-examination of world war veterans with a view of speedily adjusting cases where justice has been denied through an excessive amount of red tape. He says the Bureau has suffered and is still suffering from too much "Affidavitism." Colonel Forbes is doing his utmost to put more human interest into the work of his bureau, and give every claimant all he is entitled to in the shortest possible time.

A WISE LEADER.

President Harding showed his good sense by appointing able men to his cabinet and now he is showing continued good sense by letting them run their departments. He is an able and strong man in good health, but no one man is able enough or strong enough to handle all the problems of the government alone.

Herbert C. Pell, New York Democratic state chairman, has issued a statement saying: "The Democratic party is the party to all the people." The official returns of the last general election seem to indicate that these figures can conservatively be sealed about 65 per cent.

HAYWOOD BECOMES A CAPITALIST.

Chicago, August 16.—Big Bill Haywood, I. W. W. chieftain, is a capitalist today, with a fortune said to approximate \$500,000. All he has to do is get the money is to return from his self-imposed Russian exile and serve 20 years in Leavenworth prison. Campbell and Robbins, attorneys of Winnebago, Nev., have informed District Attorney Charles F. Kline that Jane Minor, who was Haywood's wife thirty years ago, has died intestate, and under the Nevada law Haywood is entitled to one-third of her estate. The estate consists of valuable property in Nevada. District Attorney Cline says

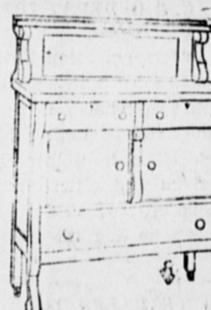

that it is all right with him if Haywood wants to come back and claim the property, but he will insist that the I. W. W. leader fulfill his twenty years' engagement at Leavenworth.

Capital invested in the fishing industry in Canada, vessels, boats, nets, traps, piers, wharves, etc., amounts to \$29,663,359, and the number of employees engaged in these operations is 57,660. FEW OPPOSED TO ERADICATION OF TUBERCULOSIS

Hard Time Experienced With Those Who Take No Interest In Eradication of TB. in Dairy Cattle.

Only a few people are opposed to regulating traffic in tuberculous live stock, but their opposition is sometimes effective, and several cases of the kind have been traced by the United States Department of Agriculture. However, the department believes that cattle dealers who do not favor tuberculosis eradication are influenced by selfish motives and do not represent the true spirit of live-stock owners and others interested in healthier and better domestic animals.

Although many states have suitable laws to protect farmers and other live-stock owners against traffic in tuberculous animals, the practice continues in some localities. Here is an instance. In Massachusetts, a purchased Holstein cow, valued at \$100, was disposed of as a reactor; but instead of being slaughtered or segregated, she was later sold to a state institution for \$300. The herd at this institution had previously been free of tuberculosis. It was being improved by the purchase of new animals, and every available precaution was taken to see that they were healthy. Recently this herd was retested and three reactors were found, one of which was the cow in question. All showed well-marked lesions of tuberculosis on post-mortem examination.

There is no law or regulation in Massachusetts preventing the sale or requiring the segregation of reactors. A few cattle dealers led the opposition to a bill before the last General Court providing for the control and sale of animals reacting to the tuberculin test. Owing to the importance of eradicating tuberculosis from live stock, the Department of Agriculture is furnishing to the public full information regarding the nature of the disease and the way to get rid of it.

HOOVER STANDS PAT.

Washington, August 16.—Conditions laid down at Riga by the American relief administration for famine relief work in Russia will not be varied from the principle of American control of distribution in Russia, Secretary of Commerce Herbert Hoover said Monday. Mr. Hoover did not, however, regard the situation at Riga as a deadlock in negotiations with Soviet Russian authorities. He expected that a satisfactory conclusion would be reached under which there would be no Soviet domination of the food distribution work.

BABY BEEF CIRCULAR IS READY FOR DISTRIBUTION.

A new circular outlining the baby beef projects for junior agricultural club members has just come off the press at the College of Agriculture and is being distributed to interested farm boys and girls in Kentucky. The publication deals with the selection, management, feeding and preparation of the calf for the show and in addition discusses some of the more important diseases of cattle. It is designed as a handbook for boys and girls who are raising baby beef calves in their club project. It may be obtained free by writing the Experiment Station, Lexington.

New York. — Would anyone like to own a little pirate ship? A real one, which carried the black flag, and whose decks were trod by red-trowered gentlemen with knives in their teeth. The Theresa B., which truly used to back up to law-abiding merchants on the high seas and make them stand and deliver, is sitting peacefully in the Hudson River up toward the north end of Manhattan Island, just mouldering away from changed customs and custom for the good old days. And they tell me it can be bought with all its hell-roaring traditions for the shame-faced sum of \$30. However in case anyone contemplates the purchase of such an ornament to add atmosphere to his respectable back yard, it may be well to add that it would cost about \$10,000,

probably, or dig it out of the mud. So probably the Theresa B. will continue to moulder here in our ultra civilized Hudson River.

Mrs. Elsie Raymond Chinnoch of Brooklyn is willing to be properly appreciative for all gifts bestowed upon her by generous friends. She is not discouraged in her gratitude. But she will NOT lend them back to the givers ever again. No one hereafter will drop in and say: "Oh, Mrs. Chinnoch, you know that magazine I gave you yesterday; do you mind my taking it for an hour? I want to read once more a poem that made me think so much of you?" No, indeed. At least they won't get away with it, if they do say it. For here was Edward A. Fries, a wealthy coal merchant who gave the confiding

Mrs. Chinnoch a few presents, a fine sedan automobile among them, and then borrowed them; wanted the sedan just for a little pleasure trip. And now refuses to give it back! The once pleased recipient charged him with grand larceny in consequence. And she charges future donors to beware.

I saw a wonderful new machine the other day, created for the purpose of shaking the last ounce of flour from the bags in large baking institutions. The economical intentions of the machine are in a way admirable. But I couldn't help wondering just what was done with the flour thus obtained. My guide explained that as much of the flour originally was sored in basements sometimes it absorbed moisture through the paper or cotton bags, and "stuck in the bottom." Much of it as recovered is used in doughnuts," he explained with a smile. It is safe to say that the machine is not exhibited for the education of the multitude of "coffee and" devotees. It would be quite a shock to those who know something of city basements, and remember the clean, wholesome flour barrel of other days.

The time is past when the newspaper announcements of wealthy girl weddings tell the achievements of the groom and the clothes and probable inheritance of the bride. Here, for instance, is Alice T. Davison, daughter of Mr. and Mrs. Henry P. Davison, who is to be married to Artemus L. Gates, of Clinton, Iowa. Do the reports of the engagement tell how beautiful, popular and wealthy she is? Indeed, now—although she happens to be all of them. They detail her work as organizer of the group of women wireless operators in 1916 and the work she did all through the war—WORK, not committee membership; and her work as an instructor at Hunter College. Oh! The world is coming on, in spite of pessimists.

Women are still at the mercy of "Chivalry," according to Miss Amy Wren, Brooklyn lawyer and counsel for the Equal Opportunity League. Miss Wren and her organization are working to remove all discriminations in the law between men and women which mark the "dangerous and ridiculous age of chivalry" — in Miss Wren's words. They mean to do away with "protective" legislation as well as any other kind of discrimination—such as laws against her working at night in factories. "As soon as women enter some field of night work a bunch of bob sisters in the guise of philanthropists hot-foot to Albany and, put through a law snatching away these women's jobs," Miss Wren explained. The League's stand certainly opens up a new possible battlefield for conflict theories.

**From the makers of
U.S. Royal Cords
to the
users of Fabric Tires**

"Giving to the fabric tire user
fresh, live tires. Being made
now. Being shipped now."

THE U.S. USCO TREAD

Here is the U. S. Usco Tread, with a long-established standard of service among motorists who have an eye to value, as well as to price. While selling for less than the other tires in the U. S. Fabric line, the Usco has earned a reputation for quality and dependable economy which is not exceeded by any tire in its class.

In all of modern merchandising the biggest conundrum is the fabric tire situation.

Around 70% of all car owners use fabric tires.

Their instinct for quality is as strong and insistent as any one else's.

Why, then, are they offered such hodge-podge stocks of "discount tires," "odd lots," "seconds," "retreads" and other so-called bargains of uncertain origin?

* * *

Sooner or later the public always seeks out quality. As a matter of self-protection—if for no other reason. The out-and-out opinion in favor of U. S. Fabric Tires has spread more this year than it ever did.

People have gotten very close to the U. S. policy. Felt it. Benefited by it. And passed the word along.

It's a policy settled to one standard for all U. S. Tires. Whether fabrics or cords. Small sizes or large.

Giving to the fabric tire user fresh, live tires. Being made now. Being shipped now.

All the original U. S. vitality and service comes through when you buy a U. S. Fabric Tire.

* * *

"Usco," "Chain," "Nobby." Three different treads.

Built by the same brains, the same policy, the same quality ideals that have made U. S. Royal Cords the standard measure of tire worth.

MILLION DOLLAR LOSS IN BROOKLYN BLAZE

Entire Block of Buildings, Including Factories, Burned in Brooklyn Early Today.

New York, August 17. — Damage estimated at a million dollars was done by a fire that burned an entire block of buildings, including ten factories, in the Green Point section of Brooklyn, early today.

The point at which the fire started is not far from the Green Point plant of the Standard Oil Company. A short distance off are a group of big gas tanks, and for some time fears were felt that the conflagration would spread to these danger points and get beyond control.

The neighborhood is one of frame dwellings and wooden industrial plants, and as soon as the serious nature of the fire was seen the police began turning residents out of their homes. Hundreds fled to the street in their night clothes and watched the firemen at work. The cause of the blaze is a mystery to investigators.

Dr. A. T. McCormack, Secretary of the State Board of Health, Dr. Lumsden, of the U. S. Public Health service, and Dr. P. E. Blackerby, of the State Health service, will arrive here Thursday and will make an inspection in this city and county.

Miss Elizabeth Orr left Wednesday for a visit to relatives in Ironton, O.

IF WOMEN ONLY KNEW

What a Heap of Happiness It Would Bring to Maysville Homes.

Hard to do housework with an aching back.

Brings you hours of misery at leisure or at work.

If women only knew the cause—that

Backache pains often come from weak kidneys.

"Would save much needless woe.

Doan's Kidney Pills are for weak kidneys,

Read what a Maysville citizen says:

Mrs. William Farley, 128 East Second street, says: "Not long ago I used Doan's Kidney Pills and they did me a world of good. I am pleased to recommend them. My back hurt nearly all the time and I couldn't do my washing on account of the misery in my back. I couldn't sleep at night and mornings I could get up feeling all right. I would be dizzy and could see black specks before my eyes. My kidneys didn't act regularly and in other ways showed signs of disorder. My hands and arms would get numb and cold. I saw Doan's Kidney Pills highly advertised so I went to Wood & Son's Drug Store and got a box. I began using them and was soon rid of the trouble."

Price 60 cents, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Farley had. Foster-Milburn Co., Mifflin, Buffalo, N. Y.

BRITISH PROPOSAL FLATLY REJECTED BY IRELAND

President of Irish Republic Says Ireland Cannot and Will Not Accept Terms.

Dublin, August 17. — Eamonn de Valera, Irish Republican president, made a definite statement today that the Dial Elereann would not accept the terms offered by the British government, extending to Ireland an offer of dominion status.

At the same time an announcement from Belfast stated that all Royal Irish constabulary leave had been canceled, dating from today. All leave of officers and men in the British regular military forces was cancelled yesterday.

Mr. de Valera's statement, made just prior to the opening of the second day's session of the Dial Elereann, said:

"From the reports this morning in the British and foreign press, there seems to be doubt as to what our attitude is towards the British proposals. There seems to be doubt as to whether what I have said of whether our letter means acceptance or rejection.

"There ought to be no doubt in anybody's mind. We can not and will not on behalf of this nation accept these terms."

CAPT. PHISTER WAS THROWN FROM BUGGY.

The following note received by the Public Ledger Wednesday from Mr. Laurence Phister, tells of the accident which befell his father, Captain C. M. Phister, short mention of which was made in Tuesday's issue:

"I regret to advise you that on Monday, August 8th, my father, C. M. Phister, when taking his horses to the blacksmith shop at Crown City, Ohio, was thrown from his buggy and his left hip fractured at the surgical joint. At first it was thought that no bones were broken, but it later developed that the hip was fractured and we removed him to Hoelzer Hospital at Gallipolis, Ohio, where his hip was put in a suspended splint or cast and while extremely nervous he is doing as well as might be expected."

KMIL'S MOTHER-IN-LAW, WIFE, AND THEN SELF.

Hopkinsville, Ky., August 17.—Garvey McCord, 25, Tuesday shot and killed his wife, 19, and his mother-in-law, Mrs. Harland Durham, 45, and then committed suicide by taking poison when Deputy Sheriff Warner attempted to arrest him. The McCords prominent North Christian county people, eloped and were married in Clarksville, Tenn., last January.

James Lurty, who parked his automobile too near a fire plug in the fire district, was fined \$10 and costs in Police Court Wednesday afternoon.

John Franklin, colored, was fined \$3 and costs on a breach of the peace charge.

SLEEPING SICKNESS FATAL.

Danville, Ky., August 17. — After an illness of four weeks with "sleeping sickness," Mrs. Ruth Wilson Eirk, 23, died at the home of her parents in this city. Her husband, J. C. Eirk Jr., and one child survive. Mr. Eirk was formerly postmaster at Lynch, Ky., but now lives at Corbin.

WOMEN IN HOMES AND SOCIETY.

Countless women devote their whole lives to their homes, while others are in the business world, or find happiness only in society. Whether you are a home woman, a business woman, or a society woman, you know how hard it is to "drag along" day after day, suffering agonies, caused by some female derangement that has developed from overtaxing your strength. The natural restorative for such ailments is Lydia E. Pinkham's Vegetable Compound, which for nearly half a century has been considered a standard remedy for woman's ills.
